28-7-18 6 The finances of the D.B. are in a Satisfactory Condition and the Contribution proposed being for a public purpose falling within the scope of the D.B.'s activities, there would be no objection to sanctioning the proposal.

7 From the D.C's letter it is to be gathered that there is no room in the Town Hall for locating the Public library. He has however not said anything about the possibility of extending the Town Hall so as to accomodate the library. This would be a more convenient arrangement if it could be accomplished, as it appears to be undesirable to spend a large amount, money on another small building. The Savings thus effected may be utilised for purchase of books etc. The D.C. may perhaps be asked to consider this aspect of the case.

S I R,

I have the honor to state that a decent building for a Library to be located at the District Head Quarters has long been a desideratum. The Sri Chamarajendra Memorial Town Hall is not suitable for the purpose. The Hall is frequently in requisition for public meetings and theatrical performances for which reason the gallery is also not available (being required for ladies and children on such occasions even if it should be regarded as enough to serve the purposes of a library. Not only are the rooms all taken up for various objects such as for locating the Reading Room, the card room &c but they are too small to locate a library. His Holiness Sri Murugharajendraswamigalu of Murgi Mutt having graciously come forward to contribute Rs 5000 towards the construction of the library building, proposition was brought forward at the meeting of the District Board held at Harihar on the 6th April 1918, by the President, requesting the Board to contribute its mite for the purpose above referred to, and the same having been seconded by Mr. Shanbhog Subbanna, it was unanimously resolved that Rs 5000 be sanctioned towards the cost of the Library & equipment. (Vide copy of the enclosed resolution)

2. The cost of the building is roughly estimated at Rs 10,000 besides furnishing the same with furniture and books which may come up to another Rs 5000. It is proposed to approach Government shortly for the grant of this sum from State Funds in aid of the undertaking.

3. The movement is a laudable one and has for its object the
